WHEREAS the steamship "Princess of Acadia", now being constructed as Hull 1090 by the Saint John Shipbuilding and Dry Dock Co. Ltd., Saint John, N.B., will when in service carry 650 passengers on voyages between Saint John, N.B. and Digby, N.S.;

That the length of the voyage between Saint John and Digby is 41.5 nautical miles, the route followed is such that the "Princess of Acadia" is never more than 15.5 nautical miles from shore, and the duration of the voyage is three hours;

That the Canadian Pacific Railway Company has made representations to the Minister of Transport for exemption of the "Princess of Acadia" from the fitting of a radiotelegraph installation; and subsection (8) of section 411 of the Canada Shipping Act provides for such exemption; and

That, notwithstanding subsection (2) of section 3 of the Ship Station Radio Regulations, Part III, the Minister is of the opinion, having considered that the said ship is engaged on voyages in an area where the radiotelephone communication service is adequate for safety purposes, that the fitting of a radiotelegraph installation is unnecessary in these circumstances.

THEREFORE, HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL, on the recommendation of the Minister of Transport, pursuant to subsection (8) of section 411 of the Canada Shipping Act, is pleased hereby to exempt the passenger steamship "Princess of Acadia" from the requirement of being fitted with a radiotelegraph installation while engaged on voyages between Saint John, N.B. and Digby, N.S. provided the said ship is fitted with a satisfactory radiotelephone installation and has on board a valid Radio Inspection Certificate.

WHEREAS the Minister of Transport reports as follows:

That the Canadian National Railways, as Manager of the Transcontinental Railway, has recommended to the Minister of Transport, as "The Commissioners of the Transcontinental Railways" the sale of a parcel of Railway land to Lionel Labbe containing 5,200 square feet being composed of part of Lot 355, Parish of Ste-Foye, Registration Division of Quebec, being shown on Plan No. A-6288 on file in the records of the Department of Transport, for the sum of \$8,000;

That the property in question is part of an old road that lead to the Ste-Foye station and the Quebec Department of Roads has relocated the road in conjunction with the construction of the new Quebec Bridge approaches, leaving the said parcel accessible only to Mr. Labbe who owns the adjoining lands; and

That the property is surplus to Railway requirements and the recommendation that it be sold to Lionel Labbe for the sum of \$8,000 is concurred in by the Director of the Real Estate Branch of the Department of Transport.

THEREFORE, HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL, on the recommendation of the Minister of Transport, is pleased hereby,

WHEREAS the Minister of Transport reports as follows:

That in the Air Services Fees Regulations made pursuant to section 3B of the Aeroautics Act by Order in Council P.C. 1967-936 of May 11, 1967, subsection 4 (2) provides that every owner of an aircraft shall pay the fees set out in Schedule C for each landing of an aircraft that concludes an international flight, and the fees set out in Schedule D for each landing of an aircraft at an airport that is either the last point of landing prior to a trans-oceanic flight, or the first point of landing after a trans-oceanic flight.

That Schedules C and D read as follows:

SCHEDULE C

International Flight Landing Fees (section 4 (2)(b))

For each 1,000 pounds or fraction thereof of aircraft where weight is

(a)	not over 70,00025
(b)	over 70,000 but not over 147,00035
(c)	over 147,00050

Minimum fee payable regardless of weight . 1.00

SCHEDULE D

Trans-Oceanic Flight Landing Fees
(section 4 (2)(c))

For each 1,000 pounds or fraction thereof of aircraft where weight is

(a)	not over 90,000	\$1.33
(b)	over 90,000 but not over 125,000	1.40
(c)	over 125,000 but not over 150,000 ...	1.46
(d)	over 150,000	1.51

That by Order-in-Council P.C. 1970-982 of June 2, 1970, Schedules C and D were deleted and replaced by the following:

- (b) Schedule C for each landing of the aircraft
 - (i) for a technical purpose at Goose Bay Airport, Gander International Airport or Ottawa International Airport while on a trans-oceanic flight; or
 - (ii) that concludes an international flight; and
- (c) Schedule D for each landing of the aircraft, other than a landing described in paragraph (b), at an airport that is
 - (i) the last point of landing prior to a trans-oceanic flight, or
 - (ii) the first point of landing after a trans-oceanic flight.

That the said Order in Council is effective as of the date thereof, being June 2, 1970, and this amendment reduces the fees for landing of aircraft at Goose Bay Airport, Gander International Airport and Ottawa International Airport for technical purposes while on trans-oceanic flights, by applying the lower fees payable for aircraft concluding international flights.

That the Department had previously made a commitment to airlines and other owners of aircraft, that trans-oceanic flights which made stops for technical purposes at Goose Bay Airport, Gander International Airport or Ottawa International Airport would be charged at the lower international rate set out in Schedule C, as amended, effective June 1, 1970.

-3-

That the purpose of this commitment was to make our landing fees for technical stops competitive with those of other U.S. airports which were attracting business away from the aforementioned airports; and

That the fees collected for aircraft technical stops on June 1, 1970 amounted to \$813 based on the new regulations, whereas, the correct fees based on the old regulations would have amounted to \$2443.65. In view of the said commitment given to the said airlines and owners of other aircraft, it is proposed to forego the difference between the fees actually paid and the fees payable for June 1, 1970 amounting to \$1,630.56.

THEREFORE, HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL, on the recommendation of the Minister of Transport, pursuant to section 22 of the Financial Administration Act, is pleased hereby to remit the difference totalling \$1630.56 in the fees paid and the fees payable in respect of the landings at Condon International Airport and Ottawa International Airport, such remission to be granted by forbearing to institute proceedings against the airlines and owners of other aircraft who did not pay these fees.
